

# Ready Now

by [Golden Blue](#)

## Verse

There's not a cloud in the sky today  
The sun is shining down  
I'm feeling good and I'm on my way  
No, there's no stopping now

## Pre-Chorus

It's in the air, yeah, I hear the sound  
I feel the rhythm, it's all around  
I keep on moving, I'll say it loud  
Can't touch the ground

## Chorus

I'm dreaming, I'm dreaming  
and I'm ready now  
I'm ready now  
I'm moving to the rhythm of the future  
now  
The future now

## Verse 2

I've got a choice I know I can't lose  
Yeah, I can see it now  
I've got a dream no one else can do  
I'm gonna say it loud

## Pre-Chorus

It's in the air, yeah, I hear the sound  
I feel the rhythm, it's all around  
I keep on moving, I'll say it loud  
Can't touch the ground

## Chorus

I'm dreaming, I'm dreaming  
and I'm ready now  
I'm ready now  
I'm moving to the rhythm of the future  
now  
The future now

Moving to the rhythm  
Moving to the rhythm  
I'm ready now

Moving to the rhythm  
The rhythm of the future now  
I'm ready now

## Repeat
